

ECG

Saving Lives
in MK

We can teach you how to do CPR
and use a defibrillator (AED) - **FREE**

"Strengthening the community response to cardiac arrest by training and empowering more bystanders to perform CPR and by increasing the use of automated external defibrillators (AEDs) at least doubles the chances of survival and could save thousands of lives each year"

(The Resuscitation Council UK)

If you are a school, business, community organisation or a group of friends, we will come and train you for **FREE**, if your group is successfully drawn out of the hat. We are offering two free sessions every month this year to the MK Community!

To enter contact
jane@ecgtraining.co.uk
with details of your group
