This certificate is supplied following guidance by the Saudi Ministry of Health, which requires that international pilgrims be vaccinated before arrival into the Kingdom of Saudi Arabia. Visitors arriving for the purpose of Umrah or pilgrimage (Hajj) or for seasonal work are required to submit a certificate of vaccination with the quadrivalent (ACW135Y) vaccine against meningitis issued no less than 10 days before arrival in Saudi Arabia. The responsible authorities in the visitor's country of origin should ensure that adults and children over the age of one, are given 1 dose of the quadrivalent conjugate (ACW135Y) vaccine (valid for 5 years) or 1 dose of the quadrivalent polysaccharide (ACW135Y) vaccine (valid for 3 years). If vaccine type is not indicated on the certificate, it will be considered valid for three years from the date of vaccination.
